ⓘ Required

- 3- As indicated by the platform, you will receive an email to confirm your account.

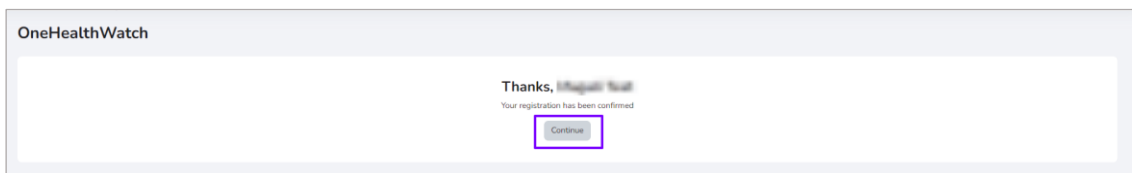

- 4- **IMPORTANT:** If you do not find the email in your inbox, please check your "SPAM" or "junk mail" folder.

- 5- Once you have found the email, copy and paste the link into the browser to confirm your account.

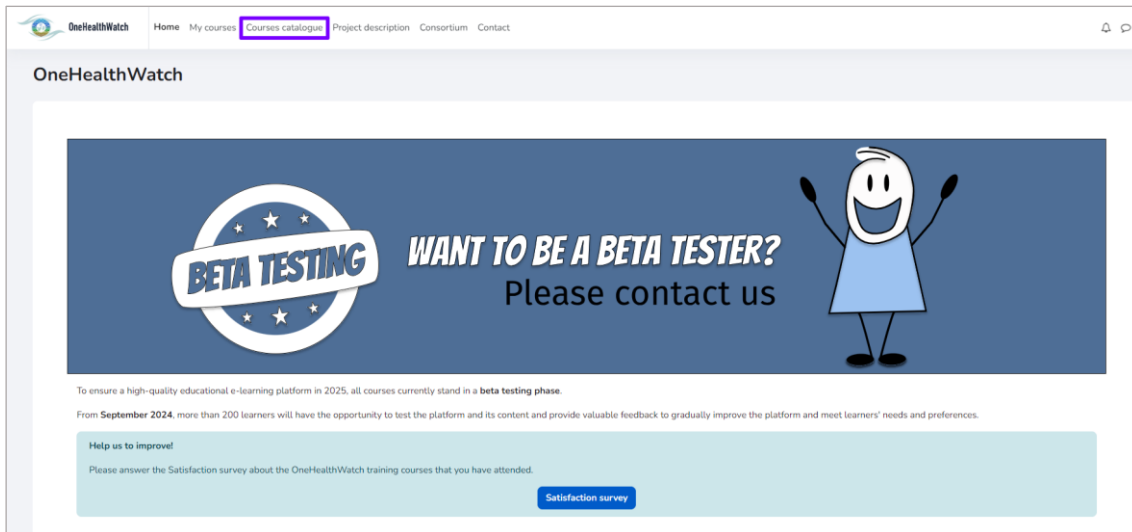

- 6- This link will redirect you to the platform. Now your account should be confirmed.

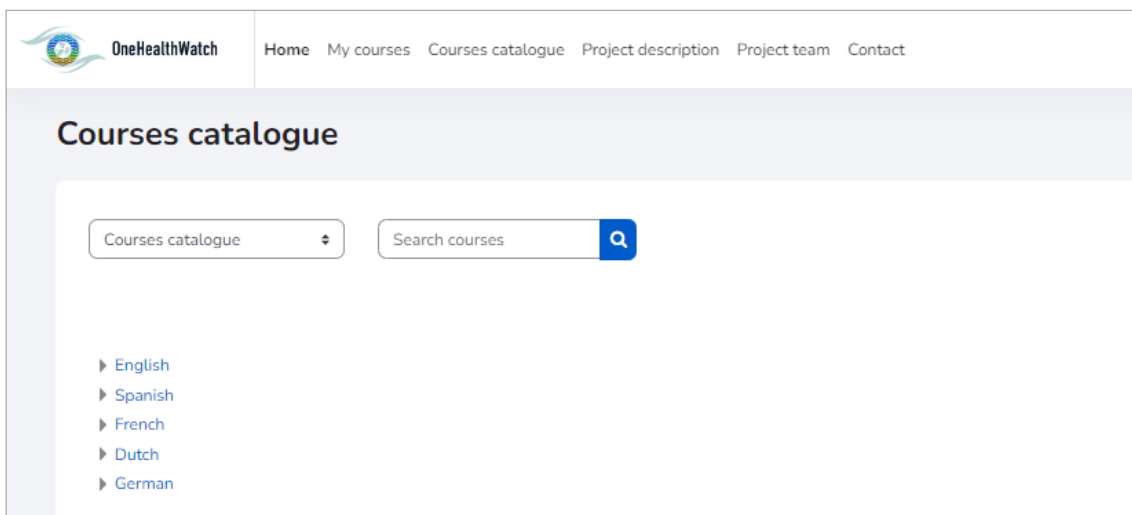

- 7- Finally, click on the continue button and you will already be registered in the platform.

8- To access the training, click on **Courses catalogue** on the navigation bar.

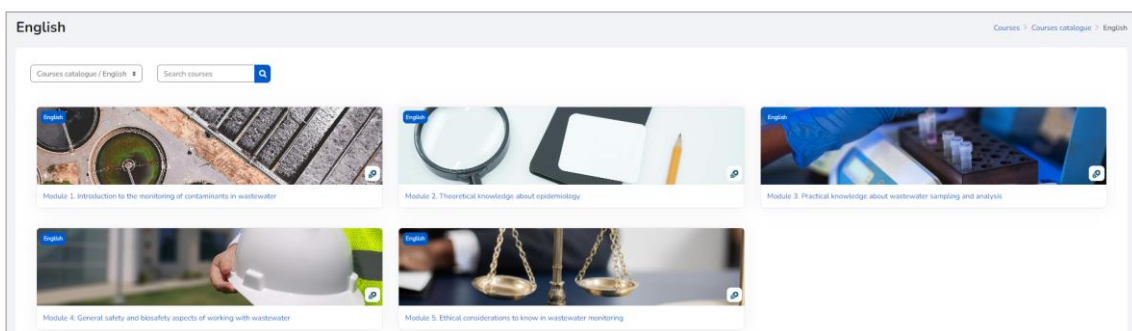

9- The courses are available in 5 different languages. Please click on your preferred language to continue the course in that language.

10- Five modules are available on our platform. Each training module is designed independently, allowing you to choose which one to attend.

Simply click on the module you wish to access.

11- Each module contains the following:

- Course content (1)
- Quiz for fundamental content (2)
- Quiz for advanced content (available only in modules with advanced material) (3)
- A survey to provide valuable feedback related to the module (4)

Module 2. Theoretical knowledge about epidemiology

▼ Training

 Theoretical knowledge about epidemiology 1

 Module quiz for general public 2

🔒 Not available unless: The activity [Theoretical knowledge about epidemiology](#) is marked complete

 Module quiz for specialists 3

🔒 Not available unless: The activity [Theoretical knowledge about epidemiology](#) is marked complete
